

Dear Middle School Parent:

Again this school year, East Lake Academy is participating in the Catholic Math League. The Catholic Math League gives East Lake Academy the opportunity to compete with Catholic schools across the country. The Catholic Math League consists of four competitions given throughout the school year. The first competition is scheduled for Wednesday, November 2nd during Math Club from 12:00 to 12:30. The exam is open to students in 6th through 8th grades. A student does not have to be a member of the Math Club to participate.

Each competition is composed of 25 multiple-choice questions. The time allotted is 30 minutes. No calculators are allowed.

If you would like your daughter/son to participate in the Catholic Math League competition on November 2nd, please sign this letter and return it to me as soon as possible.

Thank you,
Mr. Jerrold Lösch
